COMPAC RUCKSACK 45

CODE_KLUG106

DARK KAMO

The COMPAC Rucksack Dark Kamo has been designed for anglers who still carry their tackle on their back, rather than using a barrow, or who simply prefer this style of bag to a carryall, and it will hold loads of gear whilst still being comfortable to wear. This 60 litre rucksack offers plenty of internal storage room, as well as allowing you to keep all of your tackle well organised thanks to four outer side pockets which are the perfect size to fit the Compac 100, 110 and 125 EVA pouches, plus a front pocket which gives quick access to all your essential terminal tackle as the Korda Tackle Box fits perfectly into it. This leaves plenty of space in the main compartment for all of your other kit, along with a zipped internal pocket that is handy for keeping things like your wallet and car keys safe when you are on the bank.

- Front pocket designed to house Tackle Box
- Durable and water-resistant fabric
- Reinforced waterproof base
- Fully padded back panel
- Fully adjustable shoulder harness with chest straps

DARK KAMO

A close-up photograph of a person's hand holding a dark green, textured tactical strap. The strap is attached to a bag with a camouflage pattern in shades of brown, tan, and black. The background is blurred, showing green foliage. The text "ROD HOLDALLS & SLEEVES" is overlaid in the center in a bold, white, italicized font.

ROD HOLDALLS & SLEEVES

The Compac Telescopic Rod Holdall Dark Kamo has been specifically designed to transport three, fully made up 10ft rods with telescopic butt sections.

The holdall has been thoughtfully crafted to accommodate both standard and reduced length handled rods. It offers enough space to accommodate even the largest of reels and a small pocket is located on the side to store leads after your session.

Additionally, there is a pocket for a landing net and bank stick situated on the spine of the holdall.

OVERALL DIMENSIONS
